- Washington
- Connecticut
- Delaware
- Massachusetts
- New Hampshire
- Vermont
- New Jersey
- Arizona
- Maryland
- Maine

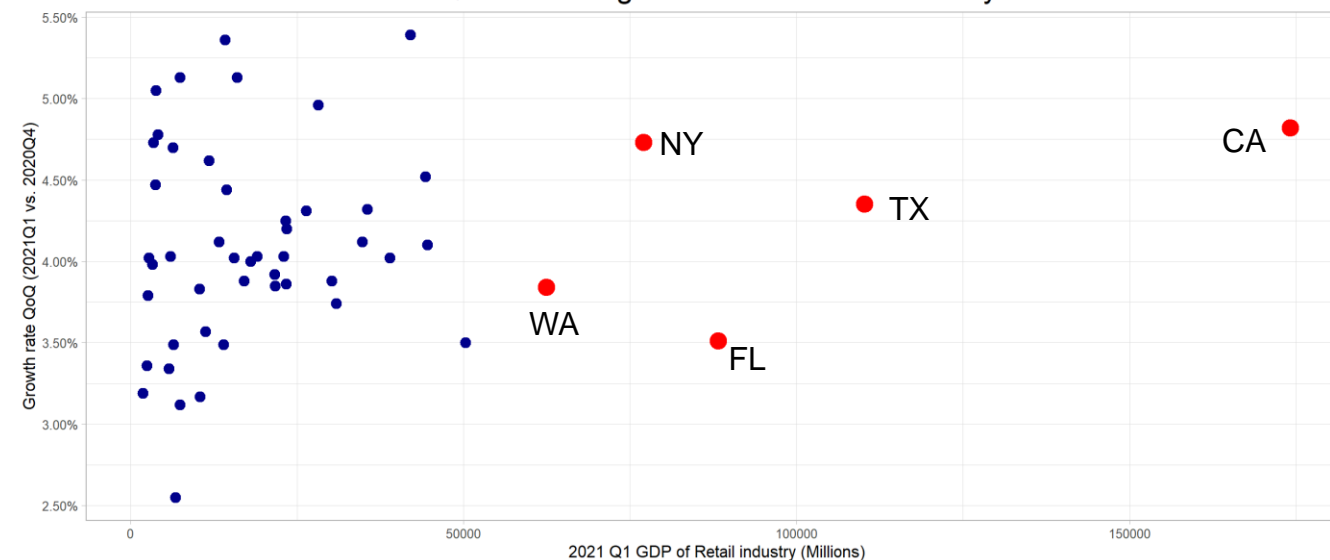

Catch up with the **EC Trend** and Prioritize in **Superstar States**

The Pandemic can be a Black Swan, but not for E-commerce Section or Retail Superstars

Change in percentage of online sales over quarters

Q1 GDP and growth rate of Retail industry

The e-commerce section spiked by 4% during the pandemic and by **\$183 billion** over the past year. Large retailers such as Walmart and Target have respectively achieved **97%** and **273%** e-commerce sales growth in Q2 2020 alone.

Even in the pandemic, some states are still accelerating in retail sales growth. Mega states such as **New York, Texas, California, Washington** and **Florida** are all superstars that thrived in this epidemic.
